

LIVE IN TORONTO

Bank Financial Group

Presents

THE HONORABLE

WILLIAM JEFFERSON CLINTON

October 16, 2008 • Toronto, ON

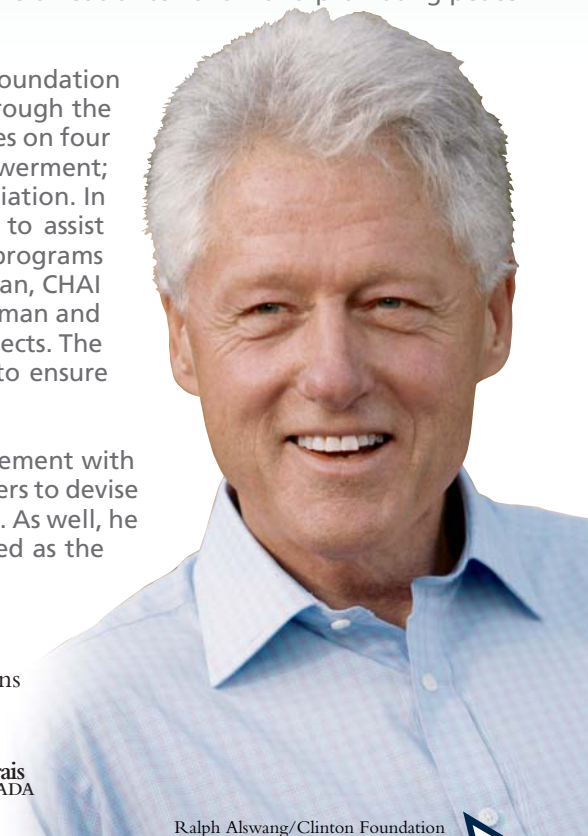

Four Seasons Centre for the Performing Arts • 12:00 PM - 2:00 PM

Power Within is proud to present Former President **BILL CLINTON**. Experience what thousands of Canadians have called the event of a lifetime.

President Clinton was the first Democratic president to be awarded a second term in six decades. Under his leadership, the United States enjoyed the strongest economy in a generation and the longest economic expansion in U.S. history. President Clinton's core values of building community, creating opportunity, and demanding responsibility resulted in unprecedented progress for America. His accomplishments as president include increasing investment in education, providing tax relief for working families, helping millions of Americans move from welfare to work, expanding access to technology, encouraging investment in underserved communities, protecting the environment, countering the threat of terrorism and promoting peace and strengthening democracy around the world.

On leaving the White House, President Clinton established the William J. Clinton Foundation with the mission to strengthen the capacity of people in the United States and through the world to meet challenges of global interdependence. The Clinton Foundation focuses on four critical areas: health security, with an emphasis on HIV/AIDS; economic empowerment; leadership development and citizen service; and racial, ethnic and religious reconciliation. In 2002, President Clinton began the Clinton Foundation HIV/AIDS Initiative (CHAI) to assist countries in implementing large-scale, integrated, care, treatment and prevention programs that will turn the tide on the epidemic. In countries like Africa, Asia and the Caribbean, CHAI works with individual governments and provides them with technical assistance, human and financial resources, and know-how from the sharing of the best practices across projects. The ultimate objective in each of these countries is to scale up public health systems to ensure broad access to high-quality care and treatment.

President Clinton remains dedicated to improving the lives of many with his involvement with the Clinton Global Initiative (CGI) which brings together a community of global leaders to devise and implement innovative solutions to some of the world's most pressing challenges. As well, he works with the American Heart Association to combat childhood obesity and served as the United Nations Special Envoy for Tsunami Recovery following the 2004 tsunami.
